Getting Started

Congratulations on your Internship! Meta has partnered with Aires to assist you. Aires is a full-service relocation management firm retained by Meta to assist you with each step of your internship. You will have one primary point of contact at Aires, your Aires Mobility Specialist, who will provide service, answer questions, and address issues that arise. Aires offers comprehensive services to make your internship successful, and service providers referred by Aires have been vetted and qualified by Aires and have been selected based on their experience working with relocating employees.

This document describes support provided for students participating in an internship with Meta. Meta retains the right to revise, amend, suspend, or terminate the contents of the intern benefit program at any time and is not required to provide notice.

As part of your internship, you are eligible for relocation assistance throughout the duration of your internship as outlined below. Eligibility will vary so please be sure to carefully review the criteria for each benefit. Please note that all relocation benefits are subject to applicable tax withholding.

You will be a highly visible representative of the Company (Meta) in the internship location. As a result, you should be familiar with and adhere to the Meta's Code of Conduct and applicable laws in the internship location (e.g., minimum ages to legally purchase and consume alcohol). Ethics policy guidelines as set forth in the Code of Conduct will continue to apply throughout the internship in all Meta work locations.

Aires MobilityX®

MobilityX®, Aires' relocation portal, provides meaningful real-time data to keep you moving on your mobility journey. Once Aires receives your authorization for relocation from Meta, you will receive an invitation via email to create your MobilityX® account online. New Hires not yet working at Meta will access MobilityX® through Aires' homepage at www.aires.com. Current Employees will access MobilityX® through Meta's Single Sign On (SSO) landing page.

Using MobilityX® you will be able to:

- View the status of your mobility journey, real-time, any time
- Create & submit expense reports with ease
- Access real-time information for your reimbursement
- View a personalized relocation timeline calendar

Make the most of MobilityX® at your convenience, but never hesitate to contact your Aires Mobility Specialist whenever you are in doubt or need assistance with your relocation.

Destination Area Information

Access to important destination area information is available to you on demand in MobilityX. In addition, your Mobility Specialist will cover other resources and support available to ease the transition to your new location.

Expense Reimbursements

In some circumstances, it may be necessary for you to pay for certain relocation expenses and request reimbursement from Aires afterwards. Such reimbursement requests must be kept separate from other business expenses and submitted to Aires, using Aires' MobilityX® Portal.

After submitting the expense report online, submit the required receipts to Aires for approval and processing. Expenses should be submitted within 30 days of being incurred and no later than 14 days after the internship program end date. Failure to submit expenses within this time frame could jeopardize reimbursement, your tax assistance, or both. Reimbursement will be for actual, reasonable costs only, within the intern relocation program guidelines.

Please note:

- Copies of itemized paid receipts should be provided for each expense, along with proof of payment.
- Keep copies of all reimbursement forms and receipts that you submit for your personal records as well as for income tax purposes.

Benefits and expense reimbursements are in the local equivalent currency consistent with your internship location. These values will be available for review in the addendum at the end of this Employee Guide as indicated by the asterisk* next to the accompanying benefit expense.

Eligibility for Benefits

As part of your internship, you, your spouse/domestic partner, and dependent(s) may be eligible for **relocation assistance**. Eligibility for this benefit is determined by the distance between your origin location (school or home) and your Meta worksite. Dependents must be 18 and under to be eligible to receive benefits. Spouses and **eligible dependents** must accompany you for at least 75% of the internship duration to be eligible to receive benefits. All **eligible family** members above 13 years of age must sign a GDPR (General Data Protection Regulation) document allowing Aires to utilize personal information provided for the purpose of relocation, which your Mobility Specialist will send to you.

Medical Exams, Inoculations, and Medications

For international relocations, Meta recommends that assignees and accompanying family members obtain health examinations prior to departure, and encourages you, and any eligible dependents, to have these examinations prior to relocating. These medical examinations ensure that any present medical conditions are known and treated in your home country, and that you/your dependents receive any vaccinations and/or certificates of health where required by host location laws. Meta also recommends that you and eligible dependents check with the foreign embassy of the country you will be passing through, or traveling to, to make sure your medications are permitted in that country.

Work Authorizations

Interns waiting for their work authorization (e.g., valid OPT, CPT, work visa, etc.) must reply and confirm their stipend or their Meta housing accommodations preference prior to receiving their required documents. Interns who prefer housing accommodations must confirm their housing accommodation preference via the survey in your introduction email from your Aires Mobility Specialist.

Once your work authorization is received, you must notify your Aires Mobility Specialist via email so Aires can move forward with finalizing your relocation travel benefits. If your visa or work authorization is not yet received, you must notify your recruiter and Aires Mobility Specialist no later than 17 days before your start date so adjustments can be made to relevant services.

Please note that you'll need to present original hard copies of your work authorization/visa (e.g., valid OPT, CPT, work visa, etc.) to your recruiter to begin your internship at Meta, and photocopies are not accepted as proof of valid documentation. Failure to provide appropriate documentation within three days of your start date will result in being taken off payroll.

Intern Stipend or Meta Housing Accommodation

Option Selection

Eligibility: All interns are eligible for housing support. You may submit your preference for your internship from the following options via a survey in your first contact email from your Aires Mobility Specialist and must complete the survey within two weeks of receipt.

As part of your internship benefits package, Meta will provide temporary housing support via a stipend OR housing accommodation (if available)**. These benefits are mutually exclusive and cannot be combined. Please be aware that once you have confirmed your preference via the survey, Meta has a "No Switch" policy and your decision cannot be changed.

Should you select the housing accommodation for your internship, and the housing accommodation is not available, you will be automatically enrolled into the stipend. Please review the information below prior to deciding if you prefer the stipend or housing accommodation for the duration of your internship.

Please note that Meta housing accommodation is subject to availability. Meta's housing provider will let you know via email no later than **8 weeks prior to your internship start date if you will be assigned a housing accommodation. If the housing accommodation is not available, you will receive an email confirmation from Aires that you have been enrolled into the stipend for the duration of your internship. Interns not assigned Meta housing must source their own independent housing. If you have a strong preference for your internship housing, select the stipend, as you will not be able to choose your Meta housing accommodation or request specifics.

Option One: Intern Stipend

In lieu of Meta housing accommodation, you may opt for the intern stipend. With this option, you will be solely responsible for securing your own housing and for all costs associated with that housing for the full duration of your internship. Once you have opted into the stipend, you may not opt out for Meta housing accommodation.

- The stipend value, based on your internship worksite location, will be paid directly by Aires and will be a separate payment from your Meta paycheck.
- You will receive your first stipend payment via ACH or wire transfer (from a bank profile you will add to the Aires MobilityX Portal) to your bank account about two weeks after your internship start date and every four weeks thereafter for the duration of the internship.
- The stipend will be processed based on the stipend value for your worksite location and currency as provided by Meta. The stipend is prorated for every week worked and is intended to support your housing needs during your internship.
- Eligible wire transfer fees charged by your bank are reimbursable at the end of your internship in one itemized expense report, and must include applicable bank statements with your name, bank name, and complete line entry for each stipend wire transfer fee.
- Conversion fees and/or conversion rate differences due to a different currency on your bank profile are not reimbursable. The difference in exchange rates, taxes, and additional fees are not reimbursable.

- You must maintain a bank profile on the Aires MobilityX Portal to receive your stipend. Once a bank profile is submitted to the Aires MobilityX Portal, any subsequent bank profiles added will not be valid unless approved by your Aires Mobility Specialist. The approval and update process can take several weeks. Any reimbursements processed by Aires prior to the original bank profile becoming inactive, and the new bank profile becoming active, will automatically be processed using the original bank profile.

Option Two: Meta Housing Accommodation

You may elect to utilize the Company's housing accommodation option (Meta Housing Accommodation is subject to availability and is not guaranteed). With this option, Meta's approved housing provider will place you in a furnished accommodation for the duration of your internship. The cost will be directly billed to Meta. Your housing accommodation will require a commute to your Meta office. **Note:** Some housing accommodations may not have air conditioning, particularly in regions with mild climates and limited number of high-temperate days; however, individual fans will be provided for your comfort. Additionally, not all housing will include in-unit laundry. Laundry may be located elsewhere in the building and may be coin or cash operated.

Upon submission of your housing accommodation survey within two weeks of initial contact, you are acknowledging that any violation of the rules outlined by Meta's Intern Relocation Program Employee Guide and their housing provider could result in immediate eviction. These policies are outlined on the Aires MobilityX Portal, and each establishment has their own set of rules, so the list is non-exhaustive.

Should you prefer Meta housing accommodation, you will notate this on the survey in your first contact email. Notation of your Meta housing preference on the survey does not guarantee assignment. The stipend option will not be available unless Meta's housing provider cannot assign you a Meta accommodation 8 weeks prior to your internship start date, and Aires confirms via email that you have been opted into the stipend.

Meta housing is not guaranteed upon noting your housing preference on the survey and is based on availability around your housing arrival and departure dates. If you require any reasonable support (called accommodations), you will be referred to the Meta accommodations team for approval. Any requests not granted via the Meta accommodations team will be reviewed by Meta's housing partners but cannot be guaranteed. Please notify your Aires Mobility Specialist about your accommodations needs as soon as possible to avoid having housing assigned prior to an approved accommodations. Please note: reasonable support (called accommodations) refers to accommodations required outside of what is provided. Meta housing accommodation refers to your place of residence provided by Meta's housing partner for your internship duration.

Should you change your mind after a housing accommodation is assigned to you, you will not be able to switch to the stipend or change your housing assignment. Should you decide not to accept your housing accommodation, you may be subject to lease break fees or be responsible for the duration of the lease agreement and will not be eligible for the stipend.

Should you select Meta housing accommodation, the commute to your Meta worksite may, and in most cases, exceed an hour and may include up to a one-mile walk to transportation.

You must confirm via email with your Aires Mobility Specialist if you will be bringing a spouse, domestic partner, and/or eligible dependents, and are opting into the Meta housing accommodation option. Your spouse/domestic partner and dependent children must accompany you for at least 75% of the internship, and you must meet Meta's domestic partnership requirements to be eligible for single unit housing.

Meta's housing provider will only have access to the original email address provided by you when you submit your survey. Any email updates made on the MobilityX Portal will not update the original email address provided to Meta's

housing providers. It is your responsibility to ensure you receive and respond to any emails sent by the Meta housing provider. Should you need to update your email address with your Meta housing provider, you may reach out to your Aires Mobility Specialist for assistance.

Flex Nights

Eligibility: Interns electing Option Two: Housing Accommodation

As part of Meta housing accommodation, you will receive housing flex nights before and after your internship dates. Standard flex dates include starting your reservation two nights before your internship start date and ending your housing reservation two nights after your internship end date. Your recruiter will confirm if time outside those dates is necessary.

Interns will request their housing arrival and departure dates via the survey in their first contact email. Interns cannot check in earlier than the date and time confirmed by the Meta housing provider or check out later than their confirmed reservation end date and time confirmed by the Meta housing provider. Lodging required outside of the arrival and departure dates and times confirmed by your Meta housing provider will be your responsibility and is not reimbursable.

Important Information Regarding Meta Housing Accommodation

- No pets will be permitted into Meta housing accommodation, with the sole exception of documented service animals.
 - An Emotional Support Animal (ESA) may be allowed within the guidelines, rules, and regulations of the property and its local ordinances. Interns must inform their Aires Mobility Specialist if they plan to bring an ESA to their Meta housing accommodation within two days after completing their survey. Any fees associated are the intern's expense.
 - Interns will be required by Meta's housing provider to provide supporting documentation for ESAs and pay fees as applicable.
- All properties are smoke-free/non-smoking.
- Meta interns are expected to comply with and adhere to housing community rules and regulations and should be aware of occupancy codes that may exist in the internship location.
- No long-term guests (longer than 48 hours; family members included) are permitted to stay in housing with you. Guests must be approved by your roommate prior to arrival. Meta housing accommodation is not intended to be permanent housing accommodation for guests and non-eligible friends and family.
- Interns are responsible for incidentals and damage in their housing accommodation beyond normal wear and tear. In such occurrences, you will be requested to provide a credit card by Meta's housing provider for payment.
- Meta housing accommodation will vary in style, amenities, and type of dwelling. All housing accommodations will be equipped with a kitchen, bathroom, sleeping area, and will be fully furnished. Meta housing accommodation may be shared housing with shared common areas such as the kitchen, living area, and bathroom; however, each individual will have their own bedroom.
- Meta housing accommodation parking:
 - The parking benefit and associated fees are not covered or reimbursable for interns unless they will utilize mileage reimbursement for travel **to** their internship or will have a vehicle in their possession for at least 75% of the internship duration, or both.
 - Parking is not guaranteed even for those eligible, is not available in the New York and London Meta worksite locations, and may not be available at all properties in all locations.
 - If available, only one parking space per unit will be covered as a relocation benefit. Additional parking spaces will be subject to availability at the intern's expense.
 - Parking must be requested on the survey at time of submission. Failure to request parking at time of submission may result in no parking provided for the internship duration.

- For those who would like parking but aren't eligible for the parking benefit, Meta's housing provider will confirm parking availability and any associated costs that are the intern's expense prior to check-in date. Meta's housing provider will reach out directly to inform you of parking fees and costs for the internship duration and will set up direct billing.
- For those eligible for the parking benefit, Meta's housing provider will confirm parking availability prior to check-in date. Transferring units due to parking needs will not be possible.

Travel, Transportation, Meals, and Shipping

The first day of employment, as dictated on your offer letter, is considered the first day of your internship and you must be in your internship location ready to start work on that date.

Travel Option Eligibility and Overview

Please review the table below for travel option examples of eligibility. You are responsible for reviewing all travel options in their entirety.

Your origin for arrival or departure is school, home, or approved study abroad location only. Internship travel is to or from your Meta worksite location.

For origins greater than 50 miles/80 kilometers from your Meta work site location, you can select the travel options of Airfare, Driver's Mileage Reimbursement, Train, or Bus for either arrival at or departure from your Meta worksite location. For origins equal to or less than 50 miles/80 kilometers, interns are required to utilize Local Ground Transportation Direct as their travel option.

You may use one travel option to your internship and another travel option from your internship depending upon whether or not your origin is greater than 50 miles/80 kilometers or equal to/less than 50 miles/80 km from your Meta worksite location.

Should you decide to arrive at, or depart from, your Meta worksite location outside of your housing dates - whether it be a Meta accommodation or independent housing - you must ensure you have made additional arrangements for lodgings prior to your housing arrival and departure dates. These lodging days are not covered by Meta and are not reimbursable.

Any travel or associated expenses that are incurred and/or occur past the benefits expiration date of 14 days after your internship end date will not be covered or reimbursed per intern relocation program guidelines.

Travel Distance Eligibility	Origin for arrival and/or departure are greater than 50 miles/80 km *	Origin for arrival and departure are both less than 50 miles/80 km	Origin one way to or from Meta worksite is greater than 50 mile/80 km and the other is equal to or less than 50 miles/80 km
Example (home and school locations will vary)	Meta worksite is London, UK Origin for arrival is school in Edinburgh UK, greater than 50 miles/80 km from Meta worksite Origin for departure is home in New Delhi, India, greater than 50 miles/80 km from Meta worksite location	Meta worksite is Tel Aviv, Israel Origin for arrival is school in Tel Aviv less than 80 km from Meta worksite location Origin for departure is home in Tel Aviv less than 80 km from Meta worksite location	Meta worksite is Menlo Park, CA USA Origin for arrival is school in Stanford CA USA, less than 50 miles/80 km from Meta worksite location Origin for departure is home in Toronto, Canada, greater than 50 miles/80 km from Meta worksite location

Air Travel	Yes, one way or both ways. In this case, air travel to and from India both ways would apply	No	Yes, one way for trip from Meta worksite back to Toronto, Canada
Driver's Mileage Reimbursement	Yes, one way or both ways; if travel is within the same continent and land mass. In this case, drive to India would not be covered as drive is not within the same continent and land mass	No	Yes, one way for trip from Meta worksite back to Toronto Canada
Train	Yes, one way or both ways; if travel is within the same continent and land mass	No	Yes, one way for trip from Meta worksite back to Toronto Canada, if train travel is available
Bus	Yes, one way or both ways; if travel is within the same continent and land mass	No	Yes, one way for trip from Meta worksite to Toronto Canada, if bus travel is available
Local Ground Transportation Direct (Uber, Lyft, public transportation capped at allotted amount*)	No, both school and home are greater than 50 miles/80 km	Yes, both arrival and departure	Yes, one way for trip from Stanford, CA USA to Meta worksite

Option One: Airfare

Eligibility: Interns whose origin location (school or home) is more than 50 miles/80 kilometers from their Meta work site are eligible for this benefit.

The Company will provide you, your spouse, and eligible dependent(s) with air travel from the origin of school or home directly to and/or from your Meta worksite.

Air Travel Requirements

- Travel must be to or from your origin of school or home and to or from your Meta worksite location.
- Once you have submitted an air travel request via the Aires MobilityX portal, you have committed to fly either to or from your internship or both based on your air travel request. You cannot change your mind and select another option of travel.
- You may exchange your e-tickets at your expense either directly with the airline or with Meta's travel partner to align with alternative travel plans; however, you are responsible for ensuring you are present at your Meta worksite as required for the duration of your internship.
- You must arrive no later than the day prior to your internship start date and fly or depart no earlier than 7pm on your internship end date. You are expected to be at your Meta worksite and ready to work on the first day of your internship.
- Travel cannot be booked for an arrival more than 10 days prior to your internship start date.
- Air travel is economy class regardless of travel distance.
- Should you decide to arrive at, or depart from, your Meta worksite location outside of your housing dates - whether it be a Meta accommodation or independent housing - you must ensure you have made additional arrangements for lodgings prior to your housing arrival and departure dates. These lodging days are not covered by Meta and are not reimbursable.
- Interns and eligible domestic partners/dependents may travel from or to a study abroad location with proof of the study abroad location and dates.
- Domestic partners/dependents can only travel from the intern's origin location of school or home to the internship work location, and back. For travel eligibility, you must confirm via email with your Aires Mobility Specialist that your spouse/domestic partner and dependent children will accompany you for at least 75% of the internship duration and that you meet Meta's domestic partnership requirements.
- Airfare for pets, service animals, and emotional support animals is not covered. If you plan to travel with an animal, it is your responsibility to ensure that your flights are booked with an airline that has availability for your animal to travel with you, and it is your responsibility to facilitate and confirm your animal's travel directly with the airline after you are ticketed. Pet lodging is not supported as part of your internship.
- Air travel purchased independently by the intern is not eligible for reimbursement, all travel must be booked through Aires/a Meta approved relocation travel provider.

Air Travel Timelines

Air Travel Purchase and Ticketing:

- Air travel requests for both the arrival to, and departure from, your Meta internship must be submitted no later than four weeks (4) prior to your air travel dates.
 - These can be booked as a round trip ticket or one-way tickets, but if you book one-way you must remember to put your return request in. If you don't submit air travel requests within a timely manner, air travel is not guaranteed.

Air Travel Expense Reimbursement Eligibility

Original receipts are required for reimbursement so please retain all associated receipts.

Benefit	Eligibility	Who
Meals	Up to the allotted amount* on airline travel day; one day per trip	Per intern and eligible spouse/domestic partner and/or children joining for at least 75% of the internship duration
Ground Transportation	To and from the airport OR to and from Meta housing/independent housing on airline travel days. Taxis, rideshare apps (economy class only), or public transportation only. Uber XL/Lyft XL (to include premium rides such as Uber Black/Lyft Lux,etc), rental cars, limos, and car/shuttle services are not covered	Intern to share with eligible spouse/domestic partner and/or dependents. Eligible spouse/domestic partner and/or dependents may have a separate expense if not traveling with the intern
Excess Checked Baggage	Included in shipping allowance up to the allotted amount* total for the internship. Any baggage expenses above the shipping allowance* will not be reimbursed See shipping benefit section below	Intern to share shipping allowance up to the allotted amount* with eligible spouse/domestic partners/dependents

Ticket Changes for Flights Purchased and Ticketed by Aires/Meta Approved Relocation Travel Provider

We understand that you may need to modify your travel arrangements after your reservation is finalized due to emergency or personal reasons. As a courtesy, the Company's travel agent will work with you to make changes to existing reservations, however, you are responsible for all costs associated with any modifications. This includes, but not limited to, airline change fees, fare differences, ticket cancellations fees, and any loss of ticket value.

If you miss or cancel your flight for any reason, you will be responsible for all resulting costs, including any fees or lost funds charged by the airline. If such costs are incurred, you will be required to reimburse Meta/Aires for those expenses.

Periodically, the airline will change the date/time of a ticketed flight or cancel a ticketed flight and will notify you via email. Aires and the travel provider will not be notified of these changes. The airline will only have access to the original email of the traveler (intern) provided during the initial booking. Any email address changes made on the MobilityX Portal will not update the original email provided to Aires'/travel provider. It is your responsibility to ensure you receive and respond to any emails sent by the airline regarding your ticketed flight.

Lack of response and required action by you is acknowledged by the airline as your confirmation and approval of the change or cancellation. This may result in a flight change that is not conducive to your travel plans or no flight at all. Any

subsequent changes and costs will be your responsibility and are not covered by Meta. If you request travel support from Aires/travel provider by email or the Aires MobilityX Portal, your change is not finalized until you receive confirmation of your requested change via email from Aires/travel provider, which will include an updated ticket itinerary as applicable.

Please note that additional airline fees associated with a Meta initiated travel change will be fully covered by your internship benefits package.

Option Two: Driver's Mileage Reimbursement

Eligibility: Interns whose origin location (school or home) is more than 50 miles/80 kilometers from their Meta work site are eligible for this benefit.

The Company will reimburse you the prevailing IRS rate (Kilometers converted to Miles at the time of reimbursement as applicable) for driving the most direct route from your origin (school or home) to your Meta work site location at the start of your internship and/or from your Meta work site location at the end of your internship.

Driver's Mileage Reimbursement Details:

- Travel must be within the same continent and land mass.
- All other expenses, including meals, gas, hotel stays, and rental cars used for travel to/from the internship (including mileage reimbursement if a rental car was used) will be your responsibility and are not eligible for reimbursement.
- Should you decide to arrive at, or depart from, your Meta worksite location outside of your housing dates - whether it be a Meta accommodation or independent housing - you must ensure you have made additional arrangements for lodgings prior to your housing arrival and departure dates. These lodging days are not covered by Meta and are not reimbursable.
- Interns who drive together in the same vehicle may not split or share the benefit. Only one intern can submit and receive driver's mileage reimbursement per trip.
- Eligible spouses/domestic partners and dependents are eligible for this benefit if they will travel separately from the intern. For interns who will reside in Meta housing accommodation, only one parking space total per unit will be covered as a relocation benefit regardless of the number of eligible drivers.
- Receipts are not required for driver's mileage reimbursement. You will submit an expense report per trip via the Aires MobilityX Portal to include the most direct miles from origin of school or home to worksite, and back, as applicable.
- Expense reports must be submitted only after the trips have taken place; you cannot be reimbursed for a trip that has not been driven.

Option Three: Train or Bus Travel

Eligibility: Interns whose origin location (school or home) is more than 50 miles/80 kilometers from their Meta work site are eligible for this benefit.

The Company will reimburse you for you, your eligible spouse/domestic partner, and dependent(s) to travel via train OR bus from origin directly to and from your Meta internship, equal to economy class fare. Travel must be within the same continent and land mass.

Train or bus must be utilized as the primary mode of long-distance travel. Travel by train or bus will have the same benefits and requirements as air travel with the exception that it will be ticketed and purchased independently by the intern and submitted via the Aires MobilityX Portal for reimbursement. Only one ticket per trip is reimbursable each way.

Option Four: Local Ground Transportation Direct

Eligibility: Interns whose origin location (school or home) is less than or equal to 50 miles/80 kilometers from their Meta work site are eligible for this benefit.

The Company will reimburse you up to the allotted local ground transportation direct allowance* for **one trip prior** to your internship start date and/or up to the allotted local ground transportation direct allowance* for **one trip following** your internship end date, which includes taxis, rideshare apps, local metro train, local bus, or any other public transportation directly to and/or from your Meta internship.

- All other expenses, including meals and shipping expenses, will be your responsibility.
- Interns can utilize this benefit if their arrival will be equal to or less than 50 miles/80 km of their internship worksite **and** can utilize air travel or driver's mileage reimbursement or bus or train after their internship if their departure origin will be equal to or greater than 50 miles/80 km, **or vice versa**.
- The Local Ground Transportation Direct benefit cannot be used to commute to and from the Meta worksite. It is for one trip to arrive at and/or depart from either your corporate housing or stipend housing location prior to, and/or after, your internship start and end dates. Interns are responsible for their daily commute to and from their Meta worksite.
- Eligible spouse/domestic partners and dependents can utilize Local Ground Transportation Direct if they arrive and/or depart separately from the intern.
- Local Ground Transportation Direct includes taxis, rideshare apps (economy class only), and/or public transportation. Uber/Lyft XL (to include premium rides such as Uber Black), rental cars, limos, and car services are not covered.
- Should you decide to arrive at, or depart from, your Meta worksite location outside of your housing dates - whether it be a Meta accommodation or independent housing - you must ensure you have made additional arrangements for lodgings prior to your housing arrival and departure dates. These lodging days are not covered by Meta and are not reimbursable.
- Original receipts will be required for all expenses submitted for reimbursements.

Other Internship Benefits

Shipping Benefit

Eligibility: Interns who are eligible for, and utilize, the option of air travel, driver's mileage reimbursement, or train or bus travel.

- Interns who are only eligible for the Local Ground Transportation Direct option will not receive the shipping benefit.
- Purchased luggage/suitcases are not covered as a shipping expense.
- Disposable shipping supplies such as tape and boxes are covered.
- This benefit may also be applied to checked/excess baggage fees charged by the airline for internship travel.
- Original receipts are required for reimbursement so please retain all associated receipts.

The Company will reimburse you up to the allotted shipping allowance* **total** for the internship to be used for the shipping of personal items to and from your Meta worksite location at the start and end of your internship. The allotted shipping allowance* includes you and your eligible spouse/domestic partner/dependent children who will accompany you for at least 75% of the internship duration.

Vehicles, animals and moving services are not eligible uses of the shipping benefit and are not covered. The shipping benefit is intended to support the shipment of small personal items for use during your internship duration.

Visa Application Fees

Eligibility: All Meta Global Interns on international internships are eligible for this benefit. Meta does not provide visa or immigration support or sponsor work permits for eligible spouses/domestic partners or dependent(s) accompanying an intern to a foreign destination.

Meta will provide full reimbursement for any visa fees associated with you being able to obtain a work permit to work in any of Meta's global locations as an intern. Since you will need to complete necessary visa filing processes as part of your Meta Global Internship requirement, you will be able to receive reimbursements for your application fees (MRV), F1, J1, Sevis (inclusive of health insurance for the purpose of requirement for visa, prorated for the internship duration), Optional Practical and Curricular Practical Training fees. Your F1, J1 and Sevis fees are fully reimbursable via Aires with applicable receipts and documentation. International students required to also pay an additional application or MRV fees will receive reimbursements for the total cost of their MRV application fee expenses. The Optional Practical Training fees (OPT) and the Cultural Practical Training fees (CPT) are each reimbursable up to \$470.00 USD. These will be submitted for reimbursement via the Aires MobilityX Portal.

Should you need to travel greater than 50 miles/80 kilometers from school or home to your embassy or consulate for visa processing, you may be reimbursed for roundtrip economy class travel via air, train, or public/ground transportation to include rideshare apps. If air travel to your embassy or consulate is required, you must submit the email from the Immigration Provider confirming that the travel is necessary to receive travel reimbursement.

Meals, lodging, local ground transportation to and from the airport or train/bus station, and local ground transportation at destination, and all other travel expenses, are not reimbursable.

Original receipts are required for reimbursement so please retain all associated receipts for submission via expense report. Additionally, you must include the CPT tuition/course documentation obtained from your Designated School Official (DSO), with your CPT expense payment receipt in order to receive this reimbursement.

EMEA Banking, Destination Services, and Third-Party Insurance

Eligibility: EMEA interns are eligible for these benefits, as noted by the Meta worksite, should assistance be needed. Domestic partners, spouses, and dependents are not eligible.

- London worksite - A bank letter of employment provided by peeps@.
- Ireland worksite - A bank letter of employment provided peeps@ and assistance with securing a tax ID provided by a destination service provider (DSP).
- Switzerland worksite - Third party insurance (Renter's insurance) assistance provided by a destination service provider (DSP).
- France worksite - Third party insurance (Renter's insurance) assistance provided by a destination service provider (DSP).

Expense Reporting for Reimbursement

You may submit reimbursement requests to Aires using Aires' MobilityX Portal. All internship expense reimbursement requests must be submitted by the benefits expiration date of no later than 14 days (not including flex nights) after the last day of your internship. Expenses not submitted within the 14-day window will not be eligible for reimbursement.

Interns who have inquiries about, or wish to dispute, an expense submission must do so within 30 days of submission.

Please remember:

- Copies of itemized paid receipts, including proof and method of payment, must be provided for each expense.
- Expense reports submitted without the required documents needed for processing will be denied.
- It is wise to keep copies of all reimbursement forms and receipts that you submit for your personal records and for income tax purposes.
- If reimbursement is requested using a non-US account, your bank may charge international wire fees which are not reimbursable.
- Expense reports must be a minimum of **\$35.00 USD** to wire internationally.

Expense Addendum
